ALEX KIDD: HIGH TECH WORLD

Castle

The location of the 8 pieces of the map.

Note: Not necessarily in this order.

- First: Visit Alex's parents on the 5th floor twice. The first piece they give you is fake, so go in again until you receive the original piece.
- Second: See James on the 4th floor. Proceed on to the 3rd floor to take your test with Mary.
- Third: Return to James upon completion of the test. He will give you a burnt piece of the map (do not touch this piece), then call Rockwell (1234321). Proceed to the 1st floor and enter the empty room to the right of the clock, 5 to 6 times until Rockwell appears. He will give you the potion to restore the burnt paper. With the potion, return to James' room and retrieve the piece there.
- Fourth: Go to the kitchen on the 1st floor and you will find a piece of the map as well as a cloth.
- Fifth: Also on the 1st floor is the servants room. There, you are to complete the test to receive another piece of the map.
- Sixth: On the 3rd floor take the stairs on the far left to the attic. There is a tiny ladder hidden in a vase. Then go back down to the 3rd floor and change the time on the clock to receive another piece of the map.
- Seventh: Go to the library on the 4th floor to talk to John, then proceed to visit Barbara on the 2nd floor. After talking to her, go back to John and he will give you a piece of the map.
- Eighth: See Tom and Mark on the 2nd floor. If you go in and out of the room about 15 times you will receive the last piece of the map.
- Key: Once you receive all eight pieces of the map, proceed to the 4th floor to the tower on the right. Take the ladder up to a room to find the key. Once obtained proceed to the 5th floor and cross a bridge to the attic. Take the ladder up to a room with a safe. Open the safe and you will receive a hang glider. With the hang glider, go to the bridge.
